Will Then be Elected.

Colonel Barian H, Grundy has inadventently omitted to qualify limself to hold the seat in the Board of Aldermen, to which he was recently elected from Henry Ward, but he has a remedy of which he will doubtless avail himself. Colonel Grundy filed a list of his expenses as to the primary, but overlooked it as to the general election. In order to cure the defect in the title to his seat, it will be declared vacant, and then the board will elect Colonel Grundy to fill the vacancy. At present Colonel Grundy is out of the city, and does not know that he is disqualified as alderman under present conditions.

The telegram from him, printed Sunday morning, was received at the office in the small hours of Sunday morning when it was impossible to do other than make the publication correcting the report in Saturday's paper. It was learned yesterday, however, that while Colonel Grundy had filed the certificate for one election, if had not for the other.

POLITICIANS ARE RESTING ON OARS

Hot Weather Makes Them Long for Vacation-Judge Parker to Captain Lamb.

There is the usual full in politics that follows the big party conventions in presidential years, and the Democratic leaders are taking advantage of it for a little rest.

ful of Democratic Victory.

State Treasurer A. W. Harman, Jr., has returned from a visit to his old home in Rockbridge, and was in his office as usual yesterday. Mr. Harman is much pleased with the nomination of Parker and is very hopeful of his election. That telegram ought to elect him," said the treasurer. "It was a bold, manly thing and showed that Parker is a big man and not a demagogue. The financial interests of the North and East are afraid of Roosevelt, I believe, and with the assurance given by Parker's telegram of his financial views, I think that he will receive the support of the money and business interests. Now if McKinley were the nominee I do not believe we would stand any show, but with Roosevelt as the Republican candidate, I believe we stand a good fighting chance. In fact, Mr. Harman reports prosperlty among the agricultural interests in Rockbridge and vicinity.

DELIVERY TO SUBURBS.

Congressman Lamb Working to Improve Mail Service.

Improve Mail Service.

Congressman John Lamb is making every effort to secure extension of the free mail delivery of this city to Barton Holghts and Brookland Park, and is hopeful of being able to do so very soon. Captain Lamb has just received from Fourth Assistant Postmaster-General J. H. Bristow the following letter in answer to his inquiry of the department: "Receipt is hereby acknowledged of your letter of the 11th instant in regard to the extension of the city delivery service from Richmond, Va., to the suburbs of Barton Heights and Brookland Park. An investigation will be made to ascertain whether or not it is advisable to extend city delivery to the territory in question, and when report is received you will be advised of the action taken."

The contiguity of these popular suburbs to Richmond, of which for all practical purposes they are a part, would, in the opinion of many, makecity delivery of mail therein easily practicable and feasible.

At The Casino.

Seeing is believing. The best way for any one to be convinced as to whether Mrs. Fay can really answer a question of which she could not possibly have any knowledge before hand is to go to the Casino and put her to the test. For in-

stance, if a man asks the year of his birth, as one did last night, he is reasonably certain that this is a question, the answering of which would admit of no round-about methods. When such a question is correctly answered the one who asks it is puzzled. Nearly all of those who put Mrs. Fay to the test last night were well known men of Hichmond; so well known that when Mrs. Fay commonced to treat of matters in connection with their business, the audience knew that she was at least correct in that portion of her statement.

To say the least, Mrs. Fay's performance is puzzling. She is an attractive looking woman, and is very graceful upon the stage.

There are several vaudeville numbifs that add much to the bill, though the work of the Fays is the feature of the entertainment.

Phil Stants does a monologue, which he follows by comedy work at the plano. He received several encores last night. The Kingston Giris are celever acrobate and contortion dancers, and their Act was well-received. A troup of Japanese jugglers performed some daring and difficult feats.

The entire programme this week is pleasing, and the work of the Fays is cor-
